Re: Case 09-E-0115- Petition of Consolidated Edison Company of New York, Inc for Approval of Changes to Demand Response Programs

Dear Ms. Brillling,

Consumer Power Advocates wish to be an active party in the above captioned case. CPA is a membership organization of leading universities and medical institutions in New York City, and has actively participated in all Con Edison rate cases since its founding in 2002. All of our members are customers of Con Edison, and participate actively in competitive energy markets, and some are enrolled in the Rider U distribution load relief program or other demand management efforts. Therefore, CPA has an interest in this case.
